

08-02-2024

Dear Guardians,

Hope you are all doing well; we have reached the end of the academic session 2023-24 and we shall complete all academic and co-curricular activities by the end of February 2024 with your cooperation and full support, followed by the Annual Examination 2024, which is scheduled from March 1st to March 16th, 2024, and the results for the same will be announced on March 23rd, 2024, followed by re-admission for the session 2024-25, which is scheduled from March 18th to April 6th, 2024. The details are being included.

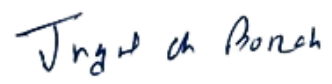

We are planning to start classes for grades X and XII 2024-25 batches from **March 18, 2024**. The classes for next session 2024-25 for grades VI and onwards will start from **April 3rd, 2024**. The new session for Pre-Primary I, II, III, IV, and V will begin on **April 8th, 2024**, followed by the Bihu holidays.

We are going to impart education according to the new guideline specified in the National Education Policy 2020 (NEP-2020) and National Curriculum Framework for School Education 2023(NCF-2023). Our education system will also integrate the essence of Indian Knowledge System which will be rooted to Indian ethos and this will contribute directly to transform India sustainably into an equitable and vibrant knowledge society by providing high quality education to all. Education will be provided for all subjects in such a way that students become comfortable with competency-based assessments.

Competency-based assessments check whether a person can perform a task or group of tasks and how well they can do them. It recognizes the most accurate way to determine a person's competence at something and how to assess them using their knowledge and skills in a work field as every job requires a specific set of knowledge and skills. A competency based assessments process provides an easy way of building the skills and knowledge people need to perform in their jobs. Competencies are the essential skills; behaviors' and knowledge that individuals need to perform their roles effectively. They can be classified as

- Core competencies (Communication, Team Work, Problem Solving, Functional Competencies', (Project Management) Behavioral competencies(leadership, Adaptability, conflict resolution))

Imparting competency-based education and evaluation is a massive undertaking. We will do our best to successfully implement it in the institution, with the assistance of our experienced faculty members. Your cooperation and active participation are much desired for the smooth running of the upcoming session 2024-25. We plan to hold PTM in April 2024 for students in grades I to X to address all topics clearly. The schedule will be provided shortly.

Principal
