Ans II 16. Mary disliked Mrs. Cotter because not only was she a late riser but also a person who used to always ask for a doctor anytime, every time. (2)

Ans III 22. Sinbad lived in a big beautiful house. The house of Sinbad was cool and pleasant. The floors and the walls were covered with fine rugs. All through the house there was fragrance and rose water. (3)

Ans IV 26. In the mountains high above the Valley of the Diamonds, great eagles have their nest. Every year, when the eagles hatch their young, clever merchants come to these mountains with big chunks of meat. The merchants throw these pieces of meat down into the Valley of the Diamonds. They throw them hard, so that some diamonds will get stuck in the meat. The eagles stoop down. They carry the meat and the diamonds along with it, up to their nest to feed their young. Then the merchants make a terrible noise. They scare the big eagles away. They take the diamonds out of the eagles' nests, and they carry them off. In this way, the clever merchants get their diamonds. (5)
